

# AUTHOR INDEX

## Volume 5 Numbers 1-6

### A

Abraham, I.L. 323

### B

Baas, L.S. 80  
 Baggs, J. 178  
 Baker, L.K. 228  
 Barber, C. 117  
 Barndt-Maglio, B. 340  
 Billings, D.M. 354  
 Blazey, M.E. 326  
 Brewer, E.M. 326  
 Brown, C.S. 72  
 Bunker, B.J. 361

### C

Caine, R. 144  
 Carnes, R.W. 361  
 Carnevale, F.A. 264  
 Caruso, C.C. 216  
 Cauble, L. 72  
 Christopherson, D.J. 259  
 Clochesy, J.M. 171 348

### D

Dougherty, C.M. 182  
 Dunn, L.T. 20  
 Durham, J.D. 58

### E

Ellison, P. 284  
 Espersen, S. 117

### F

Fehring, R. 108  
 Filly, R.A. 196  
 Fitzpatrick, J.J. 323  
 Flewelling, S. 310  
 Frenn, M. 108  
 Friedmann, E. 244

### G

Glass, B.L. 251  
 Grabenbauer, K.A. 72

### H

Haddad, A. 238  
 Hartshorn J.C. 30  
 Haun, M. 367  
 Henker, R.A. 171  
 Hobaugh, R. 98  
 Hudson, M.A. 326

### I

Inturrisi, M. 196

### J

Jane, L-H. 323  
 Jankowski, C.B. 270  
 Jaquith, S. 8  
 Johnson, D.L. 93

### K

Kartes, S. 108

### L

Leiber, D.B. 162  
 Lindquist, R.D. 304  
 Lynch, J.J. 244

### M

McCormick, A. 155  
 McHugh, M.L. 294  
 Mechanic, H.F. 20  
 Molla, K. 144  
 Mundt, C.M. 331

### N

Nehring, W. 58

### P

Perry, S.E. 196  
 Pirwitz, S. 42  
 Posey, V.M. 216

### R

Reynolds, R. 144

### S

Salladay, S.A. 238  
 Sappington, E. 244  
 Schneider, C.L. 80  
 Snowberger, P. 136  
 Sommers, M.S. 206  
 Sterk, M.B. 155

### T

Tafuro, P. 50  
 Taylor, Sr. C. 98  
 Thomas, S.A. 244

### W

Walwork, E. 284  
 Waters, S.M. 367  
 Welsh, M.D. 277  
 Whittaker, A.A. 72  
 Wilson, M.F. 326  
 Wimbush, F.B. 244

# SUBJECT INDEX

## Volume 5 Numbers 1-6

### A

- Anticonvulsants, decreasing side-effects of, 30
- Antidepressants, tricyclic, cardiac complications (abstract), 40
- Authorship, multiple, and professional advancement, 58

### B

- Blood pressure
  - direct measurement vs. DINAMAP monitor, 228
  - invasive monitoring: a modified system for pediatrics, 92
- Book reviews
  - Anesthetics, Resuscitation and Intensive Care*, Campbell, D., and Alastair, A., 97
  - Creative Nursing Administration: Participative Management into the 21st Century*, Porter-O'Grady, R., 263
  - Critical Care Nursing: A Holistic Approach*, Hudak, C., Gallo, B., and Lohr, T., 235
  - Monitoring in Anesthesia and Critical Care Medicine*, Casey, D.B., 62
  - A Strategic Planning Process for Hospitals*, Peters, J.P., 263
  - Understanding Cardiac Pacing: A Guide for Nurses*, Metcalf, K., 263
- Burns, nutritional support for patient, 20
- Burn unit, experience for nursing students, 361

### C

- Catheterization
  - cardiac, reducing stress of by teaching relaxation, 108
  - cardiovascular response to communication during, 244
- Chest X-ray interpretation: nursing implication, 8
- Complications
  - arteriovenous hemofiltration, continuous, preventing, 72
- Computer-assisted instruction, advantages and disadvantages, 354
- Computer(s)
  - communication, increasing productivity through, 294
  - software applications in critical care, 171
- Consent, informed, role of critical care nurse in developing, 98
- Coronary artery spasm, care of patient with, 331
- Critical care, control and power in (editorial), 259
- Critical care nursing
  - and informed consent, 98

### D

- Diagnosis
  - decreased cardiac output: validation of, 182
  - sexual dysfunction after myocardial infarction, 178
- DINAMAP monitor, vs. direct blood pressure measurement, 228
- Drugs. *See specific drugs*

### E

- Education, burn unit experience for students, 361
  - computer-assisted, 354
  - IABP program, 310
  - learning labs, 117
- Electrodes, epicardial, temporary, 80
- Emergency, heat-related, life-threatening, 216
- Epicardial electrodes, temporary, 80

### F

- Fetus, surgery on, challenge of, 196

### H

- Heart
  - coronary artery spasm, care of patients with, 331
  - decrease output: validation of diagnosis, 182
  - response to communication during catheterization, 244
  - tamponade after nonpenetrating cardiac trauma, 206
  - trauma, cardiac tamponade after, 206
- Heat-related emergencies, life-threatening, 216
- Hemofiltration, arteriovenous, continuous, preventing complications in, 72
- Humor, in critical care, 162
  - (editorial), 132
- Hyperthermia, malignant: critical care challenge, 144

### I

- Isolation, new guidelines
  - applications, 42
  - controversies, 50

### K

- Kidney
  - acute failure in the neonate, 155

### L

- Learning labs: critical care, 117
- Loneliness, reducing, in critical care (editorial), 69

### M

- Monitor, DINAMAP, vs. direct blood pressure measurement, 228
- Myocardial infarction, sexual dysfunction after: nursing diagnosis, 178

## N

- Newborns
  - acute renal failure in, 155
  - brain-damaged, withdrawing mechanical support from, 284
- Nutrition
  - protein status assessment, 326
  - support, for burn patient, 20

## O

- Oxygen monitoring, transcutaneous: assessment techniques, 264

## P

- Patient control, increasing, 304
- Pediatrics. *See also* Newborns
  - invasive pressure monitoring, modified system of, 92
  - renal failure in the neonate, 155
  - trauma nursing, 250
- Pharmacology. *See specific drugs*
- Professional advancement, multiple authorship and, 58
- Protein status assessment, 326
- Public relations, effective media management, 348
- Pump, intraaortic, educational program, 310

## Q

- Quality of life, point-counterpoint, 238

## R

- Radiation
  - exposure, preventing, 270
  - syndrome, acute, 277
- Relaxation, for reducing stress of cardiac catheterization, 108
- Resuscitation
  - trauma, career option, 367

## S

- Sexual dysfunction, after myocardial infarction; nursing diagnosis, 178
- Side-effects, of anticonvulsants, decreasing, 30
- Sleep pattern disturbances, 340
- Software, selecting applications in critical care, 171
- Surgery
  - fetal, challenge of, 196

## T

- Trachea, decreasing damage due to excessive cuff pressures, 136
- Trauma nursing
  - pediatric, 250
  - career option, 367

## X

- X-ray interpretation, of chest, nursing implications, 8
